

SPAZIO-TEMPO

SECOND LIFE ART GALLERY

"SPACE-TIME is the set of all possible events in the universe. Each point of SPACE-TIME represents an event "

SPAZIO-TEMPO is a network of spaces and events.

The events of the circuit **SPAZIO-TEMPO** are held in private spaces devoted to art by art lovers and artists to engage the vital factors: space and time.

"**SPAZIO-TEMPO, Second Life Art Gallery**" is a virtual gallery, belonging to the network of exhibition spaces of the SPAZIO-TEMPO, created as a parallel space available to artists who want to be visible even in unusual and alternative way, outside the traditional circuits and outside the spatial and temporal barriers.

The exhibition at "**SPAZIO-TEMPO, Second Life Art Gallery**" is continuous.

The gallery is aimed at both European and U.S. market , in order to target a vast public, as indicated by recent official statistics, consisting of 190 thousand users in the U.S., 42 thousand in Germany, 40 thousand in the UK, 26 thousand in France, 22 thousand in Italy.

Users of Second Life, according to the statistics, move real economy.

In March 2008 the Italians avatars have spent about 350 thousand euros in purchases of land, objects and other services.

In the logic of "**SPAZIO-TEMPO, Second Life Art Gallery**", the goal is visibility.

Its main value is to get a visibility that exits from the usual community of artists, who too often compare with each other without going out, creating closed circles too much self referential.

In "**SPAZIO-TEMPO, Second Life Art Gallery**", eventually, the works are viewed by the public and the artists have a way of promoting themselves through their art and in its own style.

"**SPAZIO-TEMPO, Second Life Art Gallery**" is then a gallery in which exhibit ones works can mean being seen by a number of users greater than in any other real show.

The vernissage of "**SPAZIO-TEMPO, Second Life Art Gallery**" is at the end of april 2009.

Each artist can submit one or more works, that will be exposed for a period of six months.
